Gaurav Patil

SOFTWARE DEVELOPER | .NET MAUI & XAMARIN

Pune, Maharashtra, India | 9595402012 | devgaurav.patil@gmail.com
mobiledevgaurav.github.io/DevGaurav | linkedin.com/in/gaurav-patil-b6bb96187

Mobile application developer with 4+ years of experience delivering cross-platform Android and iOS applications using .NET MAUI and Xamarin.Forms. Skilled in offline-first architecture, barcode and HID scanning, REST API integration, responsive UI development, Xamarin-to-.NET MAUI migration, and production release management.

CORE SKILLS

Mobile: .NET MAUI, Xamarin.Forms, Android, iOS, C#, XAML, MVVM
Data & Integration: REST APIs, JSON, SQLite, local databases, offline sync patterns
UI & Performance: Responsive layouts, custom controls, adaptive design, performance optimization
Tools & Delivery: Visual Studio, Git, Postman, Firebase (basic), Google Play Console, .NET Framework

PROFESSIONAL EXPERIENCE

Software Developer - Xamarin & .NET MAUI | **Venkateswara Hatcheries Private Limited**
Dec 2023 - Present | Pune, India

- Delivered an end-to-end Farm Management mobile application supporting real-time field operations.
- Build and maintain multiple cross-platform applications using .NET MAUI and Xamarin; led migration of legacy Xamarin applications to .NET MAUI.
- Refactored XAML and platform-specific code to improve application performance and maintainability.
- Implemented high-speed barcode and HID scanning with validation, duplicate prevention, and configurable scan limits.
- Designed offline-first workflows with local storage and automatic background synchronization for field use.
- Developed adaptive user interfaces for varied Android screen sizes and integrated mobile clients with backend REST APIs.
- Managed the Google Play Store release lifecycle, including builds, testing, deployment, and hotfixes.

Software Developer - Xamarin | **WAi Technologies**
May 2022 - Nov 2023 | Pune, India

- Developed cross-platform Android and iOS applications using Xamarin.Forms.
- Applied MVVM architecture and data binding to keep presentation and business logic maintainable.
- Built interactive, adaptive interfaces with CollectionView, CarouselView, Grid, StackLayout, FlexLayout, and custom controls.
- Integrated REST APIs and handled real-time data updates across mobile workflows.
- Collaborated with backend and QA teams to support stable production releases.

SELECTED PROJECTS

Farm & Broiler Management Applications
.NET MAUI / Xamarin - Field applications for high-speed barcode capture, offline storage, and automatic background synchronization.

HRMS Mobile Application
Xamarin - Enterprise HR solution with secure API integration, role-based access, and employee self-service features.

EDUCATION

Bachelor of Engineering - Information Technology
Pravara Rural Engineering College, Loni | Jun 2016 - Aug 2021
Aggregate: 70.80%

CERTIFICATION

Microsoft Azure Fundamentals (AZ-900)

EARLIER EXPERIENCE

WAi Technologies, Pune - Xamarin & REST API Development Intern (Nov 2021 - May 2022)
Infinity Automation Systems Private Limited - Java & SQL Intern (Jan 2020 - Feb 2020)
